**MEMORANDUM FOR:** Local Redevelopment Agency Officials

Cathy I. Creswell, Deputy Director

**Division of Housing Policy Development** 

SUBJECT: Agency Requirement to Submit Annual Report to HCD

Attached are forms (HCD Schedules A-E) to help report on the status and use of the low- and moderate-income housing funds (Low-Mod funds) and housing activities for FY 2005/06. These forms can be downloaded at our website (<a href="http://www.hcd.ca.gov/rda">http://www.hcd.ca.gov/rda</a>). If the agency prefers to submit forms in place of electronically reporting, a word version of the forms can be e-mailed to you.

Most agencies electronically report data using Department of Housing and Community Development's (HCD) RDA On-Line System Generated Reports in place of submitting paper forms. On-line reporting enables agencies to self-report, print "summary data" similar to data that HCD publishes in its annual report on Redevelopment Housing Activities, and provides RDAs the opportunity to review and correct data before submittal to HCD for report publication.

State law requires redevelopment agencies (RDAs) to file their report within six months of the RDA's FY end (for most RDAs, reports must be received by December 31, 2006). Pursuant to Health and Safety Code sections (Section 33080, et. al.), the Department is required to annually report to the Legislature on the source, use, and status of agencies' Low-Mod funds and housing activities. Code sections can be downloaded at <a href="http://www.leginfo.ca.gov/calaw.html">http://www.leginfo.ca.gov/calaw.html</a>.

All RDAs, regardless of status (new, inactive, etc.) or choice of reporting method (electronic or forms), must at least complete the attached HCD cover sheet. <u>Submit a copy of the cover sheet (and, if applicable, completed schedules) to both HCD and the State Controller (SCO) by the required due date.</u> To fulfill the reporting requirements, please follow the guidelines listed below:

- 1. Cover sheet. Report general information and identify which schedules must be completed.
- 2. Please answer <u>each</u> line item or state "not applicable" (N/A) or "none" where a line item does not apply or there was no activity.
- 3. Report dates numerically (e.g., report June 30, 2006 as 6/30/2006).
- 4. Round amounts to nearest dollar and ensure total fund equity is consistent with that reported to SCO.

Please note the opportunity for agency recognition (Item 23 of Schedule HCD-C). It is important to showcase your agency's affordable housing projects or programs conducted over the reporting year. The Department would like to highlight in its annual report a variety of agencies' housing programs and projects that reflect the important role of agencies and the service they provide to communities. Agencies can also nominate exemplary projects or programs for the Director's Housing Excellence Award.

In providing information, please remember to <u>include the Agency's Audit and mail a copy of all documents to</u> both <u>HCD</u> and the <u>SCO</u>. If you desire assistance in completing the agency's report, please call Rita Levy at (916) 324-9629 or email her at <u>rlevy@hcd.ca.gov</u>. Guidelines for Completing the Department's Redevelopment Forms are on our website.

Amounts to report on HCD-A lines 3a(1), 3b-3f, and 3i. can be taken from what is reported to the State Controller's Office (SCO) on the Statement of Income and Expenditures as part of the Redevelopment Agency's Financial Transactions Report, except for the reclassifying of Transfers-In from Internal Funds and the reporting of Other Sources as discussed below:

Transfers-In from other internal funds: Report the amount of transferred funds on applicable HCD-A, lines 3a-j. For example, report the amount transferred from the Debt Service Fund to the Housing Fund for the deposit of the required set-aside percentage/amount by reporting gross tax increment on HCD-A, Line 3a(1) and report the Housing Fund's share of expenditures for debt service on HCD-C, Line 4c. <u>Do not report "net" funds transferred from the Debt Service Fund on HCD-A, Line 3a(3) when reporting debt service expenditures on HCD-C, Line 4c.</u>

Other Sources: Non-GAAP (Generally Acceptable Accounting Principles) revenues such as from land sales for those agencies using the Land Held for Resale method to record land sales should be reported on HCD-A Line 3d. Housing fund receipts for the repayment of loan principal should be included on HCD-A Line 3h.

### NOTES:

Many amounts to report as Expenditures and Other Uses (beginning on the next page) should be taken from amounts reported to the State Controller's Office (SCO). Review the SCO's Redevelopment Agencies Financial Transactions Report.

Housing Fund "transfers-out" to other internal Agency funds: Report the specific use of all transferred funds on applicable lines 4a.-k of Schedule C. For example, transfers from the Housing Fund to the Debt Service Fund for the repayment of principal and interest of debt proceeds deposited to the Housing Fund should be reported on the applicable item comprising HCD-C Line 4c, providing tax increment (gross and deposit amounts) were reported on Sch-As. External transfers out of the Agency should be reported on HCD-C Line 4j (e.g.: transfer of excess surplus to the County Housing Authority).

Other Uses: Non-<u>GAAP</u> (Generally Accepted Accounting Principles) recording of expenditures such as land purchases for agencies using the Land Held for Resale method to record land purchases should be reported on HCD-C Line 4a(1). Funds spent resulting in loans to the Housing Fund should be included in HCD-C lines 4b., 4f., 4g., 4h., and 4i as appropriate.

The statutory cite pertaining to Community Redevelopment Law (CRL) is provided for preparers to review to determine the appropriateness of Low and Moderate Income Housing Fund (LMIHF) expenditures and other uses. HCD does not represent that line items identifying any expenditures and other uses are allowable. CRL is accessible on the Internet [website: http://www.leginfo.ca.gov/ (California Law)] beginning with Section 33000 of the Health and Safety Code.

### 23. Project Achievement and HCD Director's Award for Housing Excellence

Project achievement information is optional but can serve important purposes: Agencies' achievements can inform others of successful redevelopment projects and provide instructive information for additional successful projects. Achievements may be included in HCD's Annual Report of Housing Activities of California Redevelopment Agencies to assist other local agencies in developing effective and efficient programs to address local housing needs.

In addition, HCD may select various projects to receive the Director's Award for Housing Excellence. Projects may be selected based on criteria such as local affordable housing need(s) met, resources utilized, barriers overcome, and project innovation/complexity, etc.

Project achievement information should only be submitted for one affordable residential project that was completed within the reporting year as evidenced by a Certificate of Occupancy. The project must not have been previously reported as an achievement.

To publish agencies' achievements in a standard format, please complete information for each underlined category below addressing suggested topics in a narrative format that does not exceed two pages (see example, next page). In addition to submitting information with other HCD forms to the State Controller, please submit achievement information on a 3.5 inch diskette and identify the software type and version. For convenience, the diskette can be separately mailed to: HCD Policy Division, 1800 3<sup>rd</sup> Street, Sacramento, CA 95814 or data can be emailed by attaching the file and sending it to: rlevy@hcd.ca.gov.

the Agency could become involved in improving the blighted residential neighborhood centering  This area is in the core area of town and was developed with	g on
disproportionately narrow, deep lots, based on a subdivision plat laid in 1950. Residents built the on the street frontages of and leaving large backareas that were landlocked and unsuitable for development, having no access to either avenue. The Agency worked with 24 property owners to purchase portions of their properties. Over severally Agency purchased enough property to complete a tract map creating access and lots for building non-profits have created an additional twelve affordable homes.	ck-lot The years, the
Agency Role The Agency played the central role. The Project is a classic example successful redevelopment. All elements of blight were present: irregular, land-locked parcels access; numerous property owners; development that lagged behind that of the surrounding myproperty; high development cost due to need for installation of street improvements, utilities, a drain system, and undergrounding of a flood control creek; and a low-income neighborhood in property sale prices would not support high development costs. The Agency determined that development for the area would be single-family owner-occupied homes. The Agency bonder increment to fund the off-site improvements. A tract map was completed providing for the insof the street improvements, utilities, storm drainage, and the undergrounding of These improvements cost the Agency approximately \$1.5 million. In lieu of using the eminen process, the Agency negotiated with 22 property owners to purchase portions of their property allowing for access to the landlocked parcels. This helped foster trust and good will during the of the negotiations. ### NOTES:

- 1. Section 33413(b)(1), (2), and (4) require agencies to ensure that applicable percentages (30% or 15%) of <u>all</u> (market-rate and affordable) "new and substantially rehabilitated dwelling units" are made available at affordable housing cost within 10-year planning periods. <u>Market-rate units</u>: units not assisted with low-mod funds and jurisdiction does not control affordability restrictions. <u>Affordable units</u>: units generally restricted for the longest feasible time beyond the redevelopment plan's land use controls and jurisdiction controls affordability restrictions. <u>Agency developed units</u>: market-rate units can not exceed 70 percent and affordable units must be at least 30 percent; however, <u>all</u> units assisted with low-mod funds must be affordable. <u>Nonagency developed (project area) units</u>: market-rate units can not exceed 85 percent and affordable units must be at least 15 percent.
- 2. Production requirements may be met on a project-by-project basis or in aggregate within each 10-year planning period. The percentage of affordable units relative to total units required within each 10-year planning period may be calculated as follows:

 $AFFORDABLE \ units = \underbrace{Market-rate \ x \ (.30 \ or \ .15)}_{(.70 \ or \ .85)} \quad TOTAL \ units = \underbrace{Market-rate}_{(.70 \ or \ .85)} \ or \underbrace{Affordable}_{(.30 \ or \ .15)}$
